EDUCATION

Bachelor of Science, Computer Engineering

University of Texas at Dallas | 2015 - Present

Graduating August 2019

GPA: 3.222/4.000

PROJECTS

YelpCamp (yelpcamp-jkb.herokuapp.com)

Web app designed to showcase different campgrounds that users can share and post about. Implemented with RESTful routing and authentication with login and register functionality. Coded with Node.js, Express, MongoDB, EJS, and others.

RGB Color Game (jkb-rgbcolorgame.netlify.com)

Simple game coded in HTML, CSS, and JavaScript in which the player must match a randomly generated RGB color to one of either three or six squares based on chosen difficulty (Easy or Hard).

To-Do List (jkb-todolist.netlify.com)

To-do list coded in HTML, CSS, and jQuery where the user can submit new list items by typing it in and confirming with "Enter" keypress, cross off completed to-do items, and delete list items.

SKILLS

Languages

HTML

CSS

JavaScript

C/C++

Java
