WORK EXPERIENCE

Fusion Logistics, Farmers Branch, TX   July 2019 - Present
Delivery Driver
Delivered packages given by Amazon in a timely, consistent manner.
Ensured prompt delivery through clear communication with dispatch,
support, and customer.

CTDI, Flower Mound, TX   June 2018 - August 2018
Warehouse Package Handler
Inspected and diagnosed smartphones for errors with near-perfect
success rate, sending them to the correct repair department. Processed
at least twenty smartphones every hour while retaining quality of
inspection.

PROJECTS

TempCheq Device (Senior Capstone)   Jan 2019 - August 2019
PonyUp Technologies
Worked within a team of five over eight months to create a rugged IoT
device that monitors temperature, movement data, and coordinates of
post-surgical animals and transmits this data via BLE Bluetooth 5.0 to
an app for monitoring.
